### How About This for An Eco Idea

This goes to show that anything can be recycled to produce an attractive and useful item.

Have any of you any similar pictures you want to send in? If you do I will feature your fantastic ideas in future editions. Please send to

### The Green Team and Around the Church Eco News

The Green Team have been carrying out a few eco related jobs at Strathmore Primary School in Forfar, including the painting of their boat and a tidy up of their garden. Later this year the Green Team are also going to paint the schools sheds.

There have been new products added to the Fair Trade stall which is located in the corridor of the church beside the entries into the main service room.

The church also collections crisp packets and takes them to the take the crisp packets to Scottish Air Ambulance so that they can be recycled.

---

### Memorial Rose Garden

The Memorial Rose Garden was created to replace an awkward grass corner in the churchyard as part of the church Beautification Programme a few years ago.

Due to the hard work and dedication of the Green Team gardeners, it was looking great all of last year.
